Looking for something else?

This list shows our most requested compounds. We source a much wider catalogue of research peptides, blends, custom vial sizes and laboratory supplies on request. Send us the compound and quantity on WhatsApp for a quote.

How to order: send your list on WhatsApp (USA +1 808 223 4455 · Asia +86 225 908 760), or make a purchase order in the free app and tap Send. **Box** = 10 vials of one item. **Bulk prices** apply per box when you order 3 or more boxes (any mix of items).

Shipping is charged separately. Prices may change without notice.

Storage: keep powder vials in the fridge (freezer for long-term). After mixing, keep in the fridge and use within about 30 days.

For research use only. Not for human consumption. "Research focus" describes what each compound has been studied for in published research. It is not medical advice and not a claim of effect. © DJM Biolabs.
